CACoP Principles

1. Code Administrators shall be critical friends

2. Documentation published by Code Administrators shall be in clear English

3. Information will be promptly and publicly available to users

4. This Code of Practice will be reviewed periodically and subject to amendment by users

5. Code Administrators shall support processes which enable users to access a 'pre-Modification' process to discuss and develop Modifications

6. The Proposer of a Modification will retain ownership of the detail of their solution

7. Code Administrators will facilitate alternative solutions to issues being developed to the same degree as an original solution

8. Estimates of implementation costs to central systems will be produced and consulted upon prior to a Modification being recommended for approval

9. Legal text will be produced and consulted upon prior to a Modification being recommended for approval

10. Modifications will be consulted upon and easily accessible to users, who will be given reasonable time to respond

11. There will be flexibility for implementation, to allow proportionate delivery time and realisation of benefits

12. The Code Administrators will report annually on agreed metrics

13. Code Administrators will ensure cross Code coordination to progress changes efficiently where modifications impact multiple Codes

14. Code Administrators shall support prospective energy innovators
