STC Panel

Headline Report – 26 September 2018

Meeting name STC Panel

The STC Panel Headline Report will be produced after every STC Panel and aims to provide an overview of the key decisions made. Minutes for this meeting will be published separately.

Approval of August Minutes

Panel Members approved the minutes from the August meeting which can be found on the National Grid website.

STC/STCP Modification Proposals

PM0107: STCP27-01- System Performance Monitoring

The purpose of this modification is to introduce requirements for the Transmission Owners' System Performance Monitoring to be provided to the System Operator creating a new STCP into the STCP27-01 series.

PM0107 was presented to the Panel by the Proposer and scheduled for a Panel vote, however due to further comments received by Panel members on this STCP the vote was postponed until the next Panel meeting.

The Proposer is to review the comments received and liaise with Panel Members to finalise the STCP.
