

## Headline Report – 29 May 2019

### Meeting name System Operator Transmission Owner Code Panel

The STC Panel Headline Report will be produced after every STC Panel and aims to provide an overview of the key decisions made. Minutes and an action log for this meeting will be published separately.

### Approval of April Minutes

Panel Members approved the minutes from the April Panel meeting, subject to some minor housekeeping amendments and they can be found on the National Grid ESO website via the following link:

<https://www.nationalgrideso.com/codes/system-operator-transmission-owner-code/meetings/stc-panel-meeting-30-april-2019>

### STCP Modification Proposals

---

#### PM0112: 'STCP Modifications as a result of CM070 'Consequential STC updates post RFG and HDVC implementation'

This proposal seeks to modify the Relevant STCP's to ensure consistency with the STC and GB Grid Code following implementation of the European Connection Network Codes (RfG, HVDC and DCC).

Section B 7.3 states amendments for a STCP need approval from the STC Modification Panel. The STC Panel is asked to consider if this modification would better facilitate the STC Applicable Objectives. The Panel **agreed unanimously** that PM0112 better facilitates the STC Applicable Objectives and will therefore be implemented on 15 July 2019 in line with CM070 'Consequential STC updates post RFG and HDVC implementation'.

---

### Authority Decision

There were no Authority Decisions.

---

### Panel Vote

CM070: 'Consequential STC updates post RFG and HDVC implementation'

---

---

This modification seeks to modify the STC to ensure consistency with the GB Grid Code following implementation of the European Connection Network Codes (RfG, HVDC and DCC).

The STC Panel **unanimously approved** the Draft Self- Governance Report and in line with the timetable, the Code Administrator will issue the Final Self-Governance Report out to Industry for the standard Appeals window of 15 working days on 7 June 2019 (close date 28 June 2019)

Pending no appeals being received, CM070 will be implemented into the STC on 15 July 2019.

#### CM073: Critical Friend review period for submission of new Modifications'

This modification seeks to codify a requirement for new modifications to be submitted to the National Grid ESO Code Administrator for a period of five working days ahead of when the modification is to be submitted to the STC Panel. This period will allow the Code Administrator to deliver a better service and in turn allow all network users to better understand code modifications.

The STC Panel **unanimously approved** the Draft Self- Governance Report and in line with the timetable, the Code Administrator will issue the Final Self-Governance Report out to Industry for the standard Appeals window of 15 working days on 7 June 2019 (close date 28 June 2019)

Pending no appeals being received, CM073 will be implemented into the STC on 15 July 2019.

---

### Date of the next meeting

The next STC Panel meeting will be held on Wednesday 26 June 2019.

---
