CMP288/289 Actions Log

Action Number	Mod Number	Owner	Action	Current position	Due by	Status
1	CMP288/89	RW	Confirm position - Whether these mods act as a barrier to entry (as stated in some of the WG Consultation responses)		Next WG	Open
2	CMP288/89	RW	Confirm Implementation approach for parties caught in the middle. Will they be on consistent terms, or will they have other arrangements made for them?		Next WG	Open
3	CMP288/89	RW	Confirm position on potential for double counting, re-using assets and information exchange.		Next WG	Open
4	CMP288/89	RW/Code Admin	Contact Simec, to confirm background around the alternative and why they have proposed April 2020 as the cut-off date.	JD – Probably because this is the next charging year.	Next WG	Open
5	CMP288/89	RW/GN	Confirm what STC mods/STCP's need to be raised.		Next WG	Open
6	CMP288/89	RW	Provide examples of criteria's/definitions that can be used in the legal text rather		Next WG	Open

			than an exhaustive list.		
7	CMP288/89	RW	Review responses to Q11 and confirm Proposers position on this. **Q11: Do you support either of the solutions proposed for calculating financing charges in relation to shared and wider enabling works? Do you have another solution which may be better?**	Next WG	Open
8	CMP288/89	RW	Confirm if the TO have signed up to the CUSC Framework Agreement.	Next WG	Open
9	CMP288/89	RW	Confirm ambiguity around 1 month deadline to notify TO of an intent to delay. (Take into consideration when parties will receive whole profiles of spend/S Curve – see example spreadsheet provided by JD)	Next WG	Open
10	CMP288/89	RW	Draft legal text definitions for Delays and Backfeeds.	Next WG	Open
11	CMP288/89	RW	Clarify the difference between demand TNUoS and whether it applies to the provision of a backfeed or the delay/advancement of a backfeed.	Next WG	Open
12	CMP288/89	RW	Review CAP 150 requirements for generators to provide regular updates to the TO and confirm if these requirements are sufficient.	Next WG	Open
13	CMP288/89	Code Admin	Try and source the letter which says TO's became party to the CUSC	Next WG	Open
