- Interaction with Storage work ongoing in various different modifications

Next steps

The Workgroup agreed that the following next steps:

- Proposer to revise their proposed solution based on feedback provided with in the meeting from Workgroup members
- Revised Proposal to be circulated ahead of the next Workgroup meeting
- Actions below to be completed ahead of the next Workgroup meeting

Actions from this workgroup meeting (all added to action log)

The Proposer agreed to carry out the following actions ahead of the next meeting likely to be held in September 2019;

- 1) Consideration of how big the issue is and the number of existing parties – how many sites are currently affected whilst appreciating that the modification is aiming to set up the charging arrangements for the future

- 2) Code Administrator to look into when the modification GSR022 is likely to be worked on as Workgroup members voiced that the work should be done in parallel
- 3) Consideration of work that is going on with regard to the treatment of storage and the impact of this work
- 4) Proposer (ESO) to update their Proposal with a revised solution
