New Actions from March Panel 2019

SQSS	Ref	Background	Owner	Action	Current Position	Due by	Status
Jan 2019	29.5	SQSS Implementation	CB	To take forward and provide clarity/solution at next Panel as to how we can be more transparent going forward	When Authority decision is received on a modification, there is some considerable time delay before the modification is implemented and updated version available to industry.	13 March 2019	Open
Jan 2019	29.6	Chapter 7 Variations to connection Designs	GH	To provide clarification at next Panel of the ESO position on this matter	The process of requesting that a generation connection is based on a Variation to Connection designed, widely referred to as "Customer Choice" is not sufficiently clear.	8 May 2019	Open
Jan 2019	29.7	Chapter 7 Substation bays & minimum requirements	GH/RWS	To investigate and provide the ESO position on this matter	Workgroup unable to reach agreement on the minimum requirements for substation bays. GH to investigate and update Panel at next meeting in March.	8 May 2019	Open
Mar 2019	29.8	Chapter 7 Dynamics and Short Term Ratings	CB	To speak to Ofgem for guidance on how to resolve the risk issues.	Ofgem to clarify if this can be resolved without resorting to code modification as this is a commercial risk	8 May 2019	Open
Mar 2019	29.9	Chapter 7	CB	Document will have two parts- first part Workgroup part and the second part what ESO have developed.	The Chair to circulate this document for agreement ahead of publication	8 May 2019	Open

Closed Actions

SQSS	Ref	Background	Owner	Action	Current Position	Due by	Status
Sep 2017	27.9	Chapter 7 Offshore Review	BA	To provide regular progress updates on the informal Workgroup to the Panel	Much discussion around Chapter 7 BW stated that section 1 – 4 complete and can be uploaded onto the Website with the remainder sections to follow. Action to report back to be closed.	13 March 2019	Closed
