Daily Balancing Costs

Commentary:
The market was mainly short overnight to late morning, becoming short again from late afternoon onwards. Interconnector Trades required for Margin between 5am and 7am, and between 3pm and 6pm. Around 330MW of STOR was run 6pm onwards over the Darkness Peak. Some BM Action required from early morning to evening to manage thermal export constraints in Scotland. Overnight Voltage Control required some Trading to assist for the South. Overnight Interconnector Trades and BM Actions for RoCoF.
