Draft Final Modification Reports

CMP345 - Defer the additional Covid-19 BSUoS costs

CMP345 Original Solution seeks to defer the additional BSUoS costs arising from Covid-19 that are incurred in 2020/21 to 2021/22. 8 Workgroup Alternatives have been brought forward as well as the Original Solution.

Draft Final Modification Report was presented to this Special Panel at which the CUSC Panel recommended by majority that none of the proposed solutions better facilitated the CUSC Objectives than the Baseline. Final Modification Report is to be sent to Ofgem later on 15 June 2020.
