

<b>CUSC Amendment Proposal Form</b>	<b>CAP:177</b>
<b>Title of Amendment Proposal:</b> Removal of CUSC Amendments Panel's ability to raise Amendment Proposals.	
<b>Description of the Proposed Amendment (mandatory by proposer):</b>  This proposal seeks to amend section 8.15.1 of the CUSC in order to remove the ability for the CUSC Amendments Panel to raise Amendment Proposals, as currently provided for in certain circumstances laid out in the CUSC.	
<b>Description of Issue or Defect that Proposed Amendment seeks to Address (mandatory by proposer):</b>  The CUSC currently allows for the CUSC Amendments Panel to raise an Amendment Proposal to the CUSC following a post-implementation review after amendment has been made to the CUSC other than pursuant to the standard Amendment Procedure when either: <ul style="list-style-type: none"> <li>• Amendment to the CUSC has been made based on an Urgent Amendment Proposal, or</li> <li>• Amendment to the CUSC has been made in accordance with the Transmission Licence.</li> </ul> <p>The CUSC Governance Standing Group (GSG) has recently reviewed some of the provisions of the governance process within the CUSC (in particular focusing on urgency), and as part of this review questioned the appropriateness of the CUSC Amendments Panel being able to raise an Amendment Proposal and then recommend on that same proposal as part of the standard Amendment Procedures. The GSG concluded that this did not feel appropriate, and if following such a post-implementation review an Amendment Proposal was deemed to be required, the onus would be on a party to the CUSC (or BSC Party or National Consumer Council) to raise such amendment.</p>	
<b>Impact on the CUSC (this should be given where possible):</b> Sections 8.15.1 of the CUSC will require amendment.	
<b>Impact on Core Industry Documentation (this should be given where possible):</b> None	
<b>Impact on Computer Systems and Processes used by CUSC Parties (this should be given where possible):</b> None	
<b>Details of any Related Modifications to Other Industry Codes (where known):</b> None	
<b>Justification for Proposed Amendment with Reference to Applicable CUSC Objectives** (mandatory by proposer):</b>  National Grid believes that this proposal will better facilitate CUSC Applicable Objective (a): <b>(a) The efficient discharge by the licensee of the obligations imposed upon it under the Act and by the Transmission Licence</b> by ensuring that the CUSC Amendments Panel are not able to both raise and recommend on an Amendment Proposal.
