

STC Panel Headline Report – 25 November 2020

Meeting name System Operator Transmission Owner Code Panel

The STC Panel Headline Report will be produced after every STC Panel and aims to provide an overview of the key decisions made. Minutes and an action log for this meeting will be published separately.

Approval of October Minutes

Panel Members approved the minutes from the October Panel meeting, and they can be found on the National Grid ESO website via the following link:

<https://www.nationalgrideso.com/industry-information/codes/system-operator-transmission-owner-code-stc-old/meetings/stc-panel-7>

Draft STC modification proposal

CM075 ‘Clarification on Final Sums definition’

The modification is to remove the exclusion from financing from the Final Sums definition in Section J Clause 3 of the STC. The reason for this is because the definition of Final Sums in Section appears to contradict the provisions for calculating Final Sums amounts in Schedule 9. Therefore, the modification is to remove any ambiguity from the definition.

A draft of the modification was presented to Panel for comment. The Proposer took away feedback to consider the CUSC impact of the proposal and to raise this at the Transmission Charging Review Group before progressing further.

Forward Plan Update

Consumer Benefits

The Code Administrator team have recently updated their modification proposal templates to include a section on Consumer Benefits. This is in line with what has been recommended by the Code Administrator Code of Practice forum. This was shared with the Panel for feedback.

Code Administrator Improvements

The Chair shared the improvements that the Code Administrator team have made so far in 2020 and expressed that they will be conducting a survey throughout the remainder of 2020 to gather feedback on their performance.

Date of the next meeting

The next STC Panel meeting will be held on **Wednesday 16 December 2020.**

Questions or feedback?

Panel Chair: Jennifer Groome, Code Administrator

Panel Secretary: Rashpal Gata-Aura, Code Administrator
