Agenda

Grid Code Development Forum

Date:	02 June 2021	Location:	Digital only meeting
Start:	09:00	End:	11:00

Agenda for Grid Code Development Forum (GCDF)

	Topics to be discussed	Owner
1.	Introductions	Nisar Ahmed, Code Administrator
2.	Presentation: **Whole System Grid Code**	Mark Herring & Laetitia Wamala, NGESO
3.	Presentation: **Model Exchange for Interaction Studies**	Xiaoyao Zhou, Natheer Al-Ashwal, Kanan Ganakesavan, Derryl Miranda, NGESO
4.	AOB	All

Whole System Grid Code

- To provide background on the digitalised whole system grid code ambition
- To gather feedback on the approach and ambition

Model Exchange for Interaction Studies

ECC.6.3.17 requires Users to carry out interaction studies (SSTI, CI etc) prior to connection. ECC.6.3.17 also requires all relevant parties identified by ESO shall contribute to the studies and shall provide all relevant data and models as reasonably required to meet the purposes of the studies. ESO shall collect this data and, where applicable, pass it on to the party responsible for the studies.

Based on recently project discussions with users, ESO will publish a guidance note shortly on the detailed process to manage the model exchange; this session is to outline the high level process and seek feedback from users.
