

STC Panel Headline Report – 26 May 2021

Meeting name System Operator Transmission Owner Code Panel

The STC Panel Headline Report will be produced after every STC Panel and aims to provide an overview of the key decisions made. Minutes and an action log for this meeting will be published separately.

Approval of April Minutes

Panel Members approved the minutes from the April Panel meeting, which can be found on the National Grid ESO website via the following link:

<https://www.nationalgrideso.com/industry-information/codes/system-operator-transmission-owner-code-stc-old/meetings/stc-panel-15>

New Modifications

CM077: STC change to reflect the terms of the UK's departure from the EU

This proposed modification seeks to set explicit timelines in STC for the Onshore TOs to submit final Construction Offers to National Grid ESO. It also removes the existing ambiguity created by these same provisions being worded differently in STC compared to STC procedures.

The Panel unanimously agreed that the modification meets the Self Governance Criteria and that it should proceed straight to Code Administrator Consultation, which will be issued on 27 May 2021.

Draft Modifications

None

Code Modification Deliverables 2021

The Chair advised the Panel that the [Annual Report](#) had been published providing detailed insights into Code Administrator activities.

Alongside the report a forward-looking document had also been published, which summarised the deliverables for the coming year. This was based on the feedback received in the Code Administrator survey, Markets week webinars, and the continuous feedback sought at forums, Workgroups, Panels and CACoP.

The Chair set out the Code Modification Deliverables for 2021 and the slides can be found with the [Panel papers](#).

AOB

- The Ofgem representative advised the Panel that the new version of the Ofgem external website was due to be launched in June 2021. A publishing moratorium would be put in place whilst Ofgem move to this new website and the dates for this publishing moratorium will be published shortly.
 - The Chair advised the Panel that, following the "The Road to Net Zero: Electricity Markets" in March 2021, the ESO are holding a one-day follow-up event on the 22 June 2021 (Markets Forum) and encouraged attendance for this event.
-

Date of the next meeting

The next STC Panel meeting will be held on **Wednesday 30 June 2021**.

Questions or feedback?

Panel Chair: Paul Mullen, Code Administrator

Panel Secretary: Rashpal Gata-Aura, Code Administrator
