## 2) New CUSC Modification Proposals

**CMP220 – Code Governance Review Phase 2: CUSC Modification Fast Track and Objection Process.** This proposal seeks to extend the current Self-Governance arrangements by allowing minor housekeeping changes to be approved by the CUSC Panel without the need to follow the full modification process, thereby reducing the overall timescales. The Panel agreed that CMP220 should progress straight to Code Administrator Consultation for a period of 4 weeks. This will be published on 31 July 2013.

## 3) Workgroup Updates

**CMP219 (CMP192 Post Implementation Clarifications).** The CMP219 Workgroup Consultation closes on 6 August 2013 after which the Workgroup will review the responses and carry out the Workgroup Vote. The Workgroup Report is due to be presented to the CUSC Panel at their meeting on 27 September 2013.

## 4) CUSC Modifications Panel Determination Vote

**CMP218 – Changes required for use of new banking product to hold Users' cash securities.** The Panel voted unanimously that CMP218 better facilitates the Applicable CUSC Objectives and so should be implemented. In line with the Self-Governance process, the Appeal Window for CMP218 opened on 26 July and closes on 16 August 2013. CMP218 will be implemented after 2 months on 16 October 2013 if no appeals are raised.
