

CMP220 Code Governance Review (Phase 2): CUSC Modification Fast Track & Objection Process

CUSC Panel –26th July 2013

Bali Virk

Background

- Code Governance Review (Phase 2) final proposals published on: 27th March 2013
 - Introduced a fast track self-governance modification process for BSC, CUSC, STC, and UNC
- Direction to Modify Licence issued: 7th June 2013
- Modifications to the Licence take effect: 5th August 2013
- Industry Codes to be updated by: 31st December 2013
- Governance Standing Group meetings has been used as informal Workgroup to discuss & develop the CUSC Modification Fast Track Proposal and process

Proposed CUSC Modification

- CMP220 seeks to introduce a new Fast Track modification process
 - it is intended for very minor housekeeping changes
 - will proceed without Authority approval when
 - CUSC Modification Panel unanimously agrees that it meets the Fast Tack Criteria
 - and the CUSC Modification Panel unanimously agree that the modification should be made
 - Parties will have 15 business days to object to the proposed modification being made via Fast Track

Solution

- Section 11 Definitions:
 - Add: Definitions for CUSC Modification Fast Track process
 - Add: Definition for Approved CUSC Modification Self Governance Proposal for clarification purposes
- Section 8: CUSC Modification
 - Inclusion of the CUSC Modification Fast Track process

Justification against Applicable CUSC Objectives

- (a) the efficient discharge by The Company of the obligations imposed upon it by the Act and the Transmission Licence.
- This modification will better facilitate Applicable Objective (a) as CMP220 seeks to change the CUSC to reflect the new licence changes as result of Code Governance Review (2)

Questions?

Code Administrator Proposed Progression

- The Panel is asked to agree:
- CMP220 progresses to the Code Administrator Consultation
 - CMP220 is not intended for Self-Governance
 - CMP220 should be exempt from Significant Code Review
