1 Introduction

Welcome to the CUSC Panel Headline Report. This shall be produced after every CUSC Panel meeting and aims to provide all of our key stakeholders / interested parties with an overview of the headlines and key decisions the Panel are currently managing. Full minutes of the meeting will be produced and approved at the next meeting of the CUSC Panel and will then be published on the website.

All presentations given at this Modifications Panel meeting can be found in the Modifications Panel area on the National Grid website¹

We would welcome any comments you may have.

2 Workgroup Reports

There was one Workgroup Report presented to the CUSC Panel at this meeting.

CMP266: Removal of Demand TNUoS charging as a barrier to future elective Half Hourly settlement. This proposal seeks to prevent double charging of TNUoS for a meter electing to be HH settled, all demand within Measurement Class F & G will be charged under the TNUoS NHH methodology from April 2017 up until HH settlement is mandatory for all consumers.

The Panel reviewed the Workgroup Report and agreed that it should proceed to Code Administration Consultation.

3 Next Meeting

The next CUSC Panel meeting will take place 25 November 2016 at National Grid House, Warwick and the next Special Panel meeting will take place on 15 November 2016 to discuss CMP267 and CMP268.
