

Code Administrator Meeting Summary

CMP304: Improving the Enhanced Reactive Power Service by making it fit for purpose

Date: 15 December 2021

Contact Details

Chair: Ren Walker Ren.Walker@nationalgrideso.com

Proposer: Garth Graham, SSE garth.graham@sse.com

Key areas of discussion

- The Chair presented the timeline for the modification, and with the Workgroup, reviewed the actions taken at previous meetings.
- The Workgroup reviewed the previous draft of the CMP304 Workgroup Consultation. The Workgroup agreed that some of the previous text in the consultation needed re-writing due to the relevance of topic areas.

Next steps

- The next Workgroup meeting is scheduled for 18 January 2022 and this will be to review actions and comments on the draft Workgroup Consultation.

The following actions were noted:

Actions Log

Action Number	More detail	Owner	Due by	Status
1	To seek legal advice on EPRS definition	KK	10 Jan 2022	Open
