

## Grid Code Data Exchange Working Group

### Terms of Reference

#### **Terms of Reference**

It was agreed at the Extraordinary Grid Code Review Panel (GCRP) meeting on 31<sup>st</sup> July that a GCRP Working Group would be established and tasked with identifying an enduring solution to the interaction between the STC and Grid Code.

The terms of reference for the working group are:

1. Review the investment planning data requirements and current STC and Grid Code provisions/obligations
2. Consider the interaction between the STC and Grid Code provisions, in particular:
  - a. the cross governance issues
  - b. whether the existing change coordination provisions are sufficient
3. Identify and consider the nature/content of the data exchange provisions and where the obligation(s) would be best situated
4. Identify and consider an enduring solution which will fulfill the necessary obligations and minimise any cross governance issues
5. Recommend changes required to the Grid Code
6. Identify consequential changes which may be required to other industry codes
