

CMP375/315

29 March 2022

Online Meeting via Teams

WELCOME

nationalgridESO

The slide features several decorative yellow lines. In the top left, there are several thin, curved lines that sweep across the upper portion of the slide. In the bottom right, there are several thick, parallel diagonal lines that extend from the bottom left towards the top right, creating a sense of movement and direction.

Action Updates

Paul Mullen – National Grid ESO Code Administrator

Action Number	Owner	Action	Comment	Due by	Status
1	Grahame Neale	Consult the Transmission Owners for actual data and thereafter re-run the analysis (calculation of potential Expansion Constant values)	Formal data request to be made early April 2022 – drafts being discussed between ESO and Transmission Owners	29 March 2022	Open
2	Paul Mullen	Issue draft Workgroup Consultation (including potential Workgroup Consultation questions)	Proposer of CMP315 has already provided some wording re: his interpretation of how the Transport and Tariff Model works	18 March 2022	Completed – sent 24 March
3	Workgroup	Provide tracked change comments on draft Workgroup Consultation		25 March 2022	Completed – comments by 9am 29 March
4	Paul Mullen, Grahame Neale, Nick Sillito	Discuss optimum approach from a governance perspective given that CMP315 and CMP375 Originals are broadly the same		18 March 2022	Open – discussed with both Proposers and only feasible options are amalgamation or withdrawal of one of the Mods
5	Grahame Neale	Provide clarification on the methodology for Life Extensions		29 March 2022	Open – Lauren has also made this point in Workgroup Consultation comments
6	Paul Mullen	Bring Ofgem (Matthew Patrick) up to speed on what was discussed at this Workgroup		18 March 2022	Completed – Matthew attending for 1 st part of meeting particularly re: data action
7	Ander Madariaga/Ed Smith	Circulate analysis (presented on 9 March 2022) to Workgroup		18 March 2022	Completed

The slide features several decorative yellow lines. In the top left, there are several thin, curved lines that sweep across the upper portion of the slide.
