

Grid Code Review Panel – November and December 2010

Summary of Actions and Status

Minute No.	Item	Owner	Status
1452	Simultaneous Tap Change Circulate the guidance document to GCRP Panel Members	National Grid (SC)	Complete Pp11/16
1452	E3C Communicate to the DCRP that the DNOs should make all generators connected to their networks aware of changes to their G59 and G75 protection settings required as a result of the E3C recommendations. This should be done at the next DCRP.	National Grid (TI)	Complete Pp11/17
1452	Time Tagging of Dynamic Parameters and NTO/NTB DS to ask Shafqat Ali to attend the next GCRP to give an update to panel.	National Grid (DS)	Complete
1452	Codification of Generic Requirements currently included in the Bilateral Connection Agreements DS to look at how the uncertainty of a new modification implementation could be managed with respect to keeping the industry aware of potential Grid Code updates.	National Grid (DS)	Tbc
1452	System-to-generator intertripping National Grid shall look at the current F3 agreements for windfarms and the Grid Code to check if there are any inconsistencies.	National Grid (TI)	Complete Pp11/13
1454	Grid Code Consultation Update Add a priority column to the Outstanding Issues GCRP document.	National Grid (TI)	Complete Pp11/09
1455	DOA Distribute a generic DOA to the GCRP.	National Grid (TI)	Complete Email sent 28/1/11
1456	Outstanding Development Issues Add an urgency column to the Outstanding Issues document.	National Grid (TI)	Complete Pp11/09
1459	Two Shift Limits National Grid shall establish a position with the industry currently in a paper to be sent round the panel. In addition to this a paper shall be produced for the GCRP Feb to sort out the ambiguity in the Grid Code.	National Grid (Craig Dyke)	Verbal update to be given at Feb 11 meeting
1466	Grid Code requirements for Electronic Facilities between NGET and BM participants IP to complete the working group report and circulate it to the Panel.	National Grid (Ian Pashley)	Verbal update to be given at Feb 11 meeting

<u>Minute No.</u>	<u>Item</u>	<u>Owner</u>	<u>Status</u>
1470	BMU data from Intermittent Generation Send out the consultation document to the GCRP members.	National Grid (Brian Taylor)	Verbal update to be given at Feb 11 meeting
1470	BMU data from Intermittent Generation Speak to Elexon about setting up a BSC/GC working group.	National Grid (DS)	Verbal update to be given at Feb 11 meeting
1472	Frequency and Voltage Operating Range Update the panel on whether option 1 or 2 to be progressed for freq operating range.	National Grid (GS)	Verbal update to be given at Feb 11 meeting
1475	ENTSO-E Send round Helges presentation.	National Grid (SW)	Complete
1476	ENTSO-E Provide a list of the ENTSO-E Network Code clauses which are regional (allowing variation in the UK) and those that are fixed around Europe to the Panel.	National Grid (HU)	Complete
1483	BMU Configuration of Power Park Modules offshore Set up a working group for this element. It is anticipated only one working group meeting will be required.	National Grid (TI)	Complete Pp11/04
1487	Continuous Voltage Control Prepare and circulate a consultation paper for issue.	National Grid (GS)	Ongoing
	DECEMBER EGCRP ACTIONS		
1500	Black Start – consequential changes from P231 Circulate round a link to P231 modification to Panel members	Elexon (KC)	Complete Email sent 22 Dec 10
1500	Black Start – consequential changes from P231 BS shall send an email update to the Panel following discussions between National Grid and Elexon to sort out differences between Grid Code proposed text and P231 proposals	National Grid (BS)	Complete Pp11/03
1503	Simultaneous Tap changing Reply to John Norbury's email comments on the simultaneous tap changing guidance document.	National Grid (SC)	Complete Pp11/06
1506	CC.7.7 (Maintenance Standards) JN is going to put together a one pager on the harmonic data for the Panel	Large Generators (JN)	Ongoing

Minute No.	Item	Owner	Status
1507	CC.7.7 (Maintenance Standards) TI shall send round a TOR for the Grid Code working group.	National Grid (TI)	Complete Pp11/05
1510	Meeting Governance Review Arrange a further GCRP meeting for July	National Grid (TI)	Complete 14 th July 2011
1511	Meeting Governance Review Produce a paper that details the new GCRP approach for the February meeting, focusing on refining and defining Code administration activities.	National Grid (TI)	Complete Pp11/01
1515	Outage Cancellation Produce a report for CMC focused on outages and their cancellation affecting Hadyard Hill.	National Grid (SC)	Complete Pp11/14
1516	Special Actions National Grid to specify how it makes decisions on what constitutes a special action, the timescale for instruction and the effect on the settlement and despatch process. SC will address these issues and why special actions are required.	National Grid (SC)	Complete Pp11/15
1518	Europe Write a letter on behalf of the GCRP, to Phillip Lowe of the EU commission, expressing unhappiness with the end-to-end ENTSO-E process	National Grid (DS)	DS published an email seeking guidance from Panel 5 th Jan 2011-02-03 To be discussed further at Feb meeting
