Category	Dataset	Expected Publication Date	Publication frequency	Status
Ancillary Services	Balancing Reserve Day Ahead Auction Results	August 2023 March 2024	Daily	Postponed in line with revised service delivery
Ancillary Services	Balancing Reserve Forecast Volume Requirements	August 2023 March 2024	Daily	
Ancillary Services	Balancing Reserve DA Buy Order	August 2023 March 2024	Daily	
Ancillary Services	EAC Auction Results	July 2023 November 2023	Daily	Published in line with revised service delivery
Future Energy Scenarios	Whole System & Gas Supply	July 2023	Annual	Published as planned alongside 6 additional FES data tables
Future Energy Scenarios	Whole System & Gas Supply – Emissions	July 2023	Annual	
Future Energy Scenarios	European Electricity Supply Data Table	July 2023	Annual	
Demand Flexibility Service	Demand Flexibility Service 2023/24	November 2023	Ad hoc	Published as planned
System	Stability Pathfinder Service Information	October 2023	Weekly	Published as planned
Interconnectors	Viking Link – NGESO’s Network Transfer Capacity	December 2023	Ad hoc	Planned
Ancillary Services	EAC-BR Auction Results	March 2024	Daily	Planned
Constraints	Constraint Management Intertrip Service Information (CMIS)	March 2024	Monthly	Planned

## Requesting other datasets

We welcome your suggestions to improve our data transparency.

Please email us at [box.OpenData.ESO@nationalgrideso.com](mailto:box.OpenData.ESO@nationalgrideso.com) with any further suggestions and we will do our best to accommodate wherever possible. Note that we also expect to be able to further increase our provision of data publication when our Data & Analytics Platform (DAP) is established.

## Changes since previous version

Element	Change	Reason
OTF review & survey	Moved from Q2 to Q3	Moved to avoid clash with CSAT survey. Survey issued 6 <sup>th</sup> Dec, expectation to feedback to OTF in January.
Enhanced Wind Power Forecasting	Split into multiple phases	Additional granularity.
Improving query management	Split into multiple phases	Additional granularity.
DEP integrated query management	Removed temporarily	Change in delivery model, new plan will be agreed in due course.
Integrate DAP with enhanced balancing tool	Removed temporarily	Delayed until Autumn 2024 due to reprioritisation of OBP activities - specifically moving ‘Fast Dispatch’ and ‘BM Quick Reserve’ forwards.
