The meeting minutes from the Panel on 27 September 2023 were approved and these have been uploaded to our [website](#).

New Modifications

There were no new Modification Proposal to presented to the Panel.

New / Pending Authority Decisions

Ofgem provided an update on Modifications that are currently awaiting their decision since the last STC Panel.

Awaiting Decisions

Modification	What this seeks to achieve	Expected Decision Date
CM080 Transmission Impact Assessment process	Process for aggregated assessment of Distributed Generators that impact (or may impact) on the National Electricity Transmission System.	Expected decision date of this and related CUSC Modification (CMP298) was originally due 20 October 2023, Panel members were advised by the Ofgem Representative this has been moved to 16 November 2023.

Ofgem publish a table that provides the expected decision date, or date they intend to publish an impact assessment or consultation, for code modifications/proposals that are with them for decision. This was last updated on 13 October 2023 and is published [here](#).

In flight Modifications

The next Modification Tracker will be published on 7 November 2023.

Workgroup Reports

There were no Workgroup Reports to be presented to Panel this month.

Draft Final Modification Reports

The following Draft Self Governance Final Modification Report was presented to the Panel:

CM092 – Schedule 9: TO Construction Terms Updates

This modification is seeking to make updates to the terms contained in Schedule 9 to reflect current working practices more accurately with NGENSO and to avoid any potential for misinterpretation.

The Panel has recommended unanimously that the original solution better facilitates the STC Applicable Objectives.

The Final Self Governance Modification Report will be issued to industry on 3 November 2023 for 15 working days (appeals window). If no objections are received implementation will take place on 1 December 2023.

CM092 documentation can be found [here](#)
