

Headline Report

Meeting number: Meeting 19

Date of meeting: Tuesday 21st February 2017

Location: Elexon, London

This note sets out the headlines from the latest meeting of the Joint European Stakeholder Group (JESG) and is provided in addition to the presentations from the meeting which are available on the JESG website¹. The material in the presentation is not duplicated in this report.

If you have any queries in relation to the content of this report, please email the JESG Technical Secretary Chrissie Brown at europeancodes.electricity@nationalgrid.com

• JESG Actions Review

- The Technical Secretary noted the JESG Standing Actions and updates on current actions. The current version of the JESG action log, including any additions from this meeting, is [attached to this Headline Report](#).

• The GB Implementation Plan, John Young and Rob Wilson, National Grid

- John Young talked through the work that NGET have been carrying out to 'package' the modifications required across the GB Codes to implement the EU Codes. He explained that this piece of work is ongoing and further meetings have been planned with the Code Administrators to validate and verify all aspects of the Plan outlined to the JESG membership today.
- One member of the Group questioned whether time had been allocated for Stakeholders to be involved within the process in order to raise alternatives, look at legal text and debate the modifications. This member was assured that as they work with the Code Administrators to evolve the Plan this would be factored into the timescales.
- It was noted by the JESG membership that transparency is the key in the process. It was requested that should an EU Code not have a natural fit within the GB Codes that this was still noted as part of the overall Plan and that it would be recorded as to where the debate and discussions would be happening so Stakeholders could be involved where they wish to be.
- An additional point was raised around the removal as well as insertion of legal text within the GB Codes and whether this had been considered. It was noted that this would be reviewed on a case by case within the respective Workgroup discussions.
- Further points were raised around:
 - .1 Co-ordination of resource across GB Codes when looking at the same defect. All members agreed that this needs to happen to make the process as efficient as possible.
 - .2 When the Plan would be available to Stakeholders. NGET confirmed that this will be published following discussions mid-March with Code Administrators. It will be circulated in the Weekly update on the 31st March 2017 (see Actions Log)
 - .3 Whether something should be submitted to Code Panels (see Action Log)
 - .4 Rooms and organisation of meetings. Energy UK and Elexon offered rooms for use where it would be of use to Industry.
 - .5 Cross Code working. It was noted by a member that the respective Governance processes across the Codes should not be a barrier to working together on issues.

• TERRE, John Young, National Grid

- John Young talked through the slides provided in the pack. He emphasised the importance of Stakeholders feeding into the process and outlined the key dates within the slides for Stakeholders to do so.
- He outlined that there would be a Consultation issued shortly and when it is open that it would be included within the Weekly update.

• AOB

- No AOB was raised at the meeting.

• Next Meeting and Future Agenda Items

- The next JESG meeting will be held on the **23rd March starting at 10am, at Elexon Offices in London.**
- **Registration and meeting details will be announced through the JESG Weekly Update emails.**

¹ <http://www2.nationalgrid.com/UK/Industry-information/Electricity-codes/European-network-code/Joint-European-Stakeholder-Group/>

- The main agenda items will include project XBID, the GB Implementation Plan, NEMO proposals and TSO proposals on gate timings, fallback and day-ahead firmness deadline

Suggest Agenda Items:

Stakeholders are invited to submit agenda items for this meeting or any future meetings to the Technical Secretary eupeancodes.electricity@nationalgrid.com.

Action Log

Standing Actions

ID	Topic	Lead Party	Status	Source
S1	Continue to review the membership of the JESG and engage additional industry parties where appropriate.	JESG Chair	Standing Item	JESG S3
S2	Prepare a commentary / comparison document between the Network Code and the existing GB arrangements at appropriate stages in the Code development for each Network Code.	NGET/Ofgem/ DECC	Standing Item	JESG S1
S3	Share any intelligence about how other member states are approaching demonstrating compliance through information gained from other government departments, regulators or parent companies	DECC / Ofgem / Industry parties with European parent companies	Standing Item	ECCAF 3/2
S4	Stakeholders are requested to provide specific examples of inconsistent or problematic definitions in the Network Codes to Ofgem (natasha.z.smith@ofgem.gov.uk) and DECC (elena.mylona@decc.gsi.gov.uk).	All Stakeholders	Standing Item	JESG S6

Open Actions

ID	Topic	Lead Party	Status	Update
44	Cross GB Codes ENC Changes Coordination. Step 1 engage Code Administrators, highlight to code leads	Code Administrators and JESG Technical Secretary	Ongoing	
60	Add CACM methodologies to NGET website	Chrissie Brown	In progress	In progress, website issues. Will circulate link on weekly update w/c 27 th Feb.
61	GB Implementation plan to be Standing agenda item at all JESG meetings	Chrissie Brown	Added and ongoing	Added to March agenda
62	GB Implementation plan to be circulated to all stakeholders in the JESG weekly update on the 31 st March	Chrissie Brown and NGET rep

57	CB to draft JESG response to Authority consultation on CMA remedies Code Governance	JESG Technical Secretary	Closed	
58	NGET to discuss GPLDM rules stakeholder input with GG following meeting	John Young	Complete	
59	CB to circulate articles and summary on Clean Energy Package in weekly update email	Chrissie Brown	Complete	

Meeting Attendees

Name	Company
Barbra Vest	Chair
Chrissie Brown	Technical Secretary
Esther Sutton	Uniper
Helen Stack	Centrica
Natasha Smith	Ofgem
John Young	National Grid Electricity Transmission (NGET)
Rob Wilson	National Grid Electricity Transmission (NGET)
Steve Wilkin	Elexon
Garth Graham	SSE
Fruzsina Kemenes	Innogy
Lynne Bryceland	Scottish Power
Alice Barrs	RWE
Colin Prestwich	Smartest Energy
Peter Bolitho	Waters Wye
Nicola Percival	Innogy
Simon White	Smartest Energy
Joseph Underwood	Drax Power
Kamila Nugumanova	ESB
Kate Dooley	Energy UK
Paul Neilson	SSE
Christopher Veal	Transmission Investment
David Spillett	ENA
