

## Firm Frequency Response Review

CBSG 5<sup>th</sup> June 2013 - Andy Walden, National Grid

# Firm Frequency Response Review

---

- Why Review?
  - GC working Group recommendation for weekly tendered service
  - Introduction of RFR service requirement
  - Amendments required to accommodate Control Room system changes (EBS)
  - General review of the terms to ensure the service continues to meet National Grid's requirements
- Additional associated work
  - Development of Electronic Tender process
  - Re-visit assessment methodologies
