Industry Engagement: JESG Commitment and Scope

- On 15th November 2011, NGET stated its **long-term commitment to the JESG** as a national forum for stakeholder engagement on the development of the Electricity Network Codes

JESG allows NGET to:

- *Update stakeholders on recent Network Code development work*
- *Signpost future issues to facilitate debate and feedback*

- NGET encourages stakeholders to also engage at an EU level via ENTSO-E workshops and formal consultations on codes
