

Terms of Reference and Workgroup voting

Approach suggested by Code Administrator

Terms of Reference as submitted as Panel paper 5:

- Specific issues to be added into **section 4**
 - Standard:
 - Implementation
 - Review of draft legal text
 - Anything else?
- **Section 14:** within TOR outlines the voting within a Workgroup, this is not outlined within the Grid Code Governance Rules. We suggest the following approach:
 - Do you support the Original or any of the alternative Proposals?
 - Which of the Proposals best facilitates the Grid Code Objectives?
 - Thoughts and questions on this approach?
- **Section 16:** Workgroup members to attend 50% of Workgroup meetings in order to vote
